

The Companions in Courage Foundation was founded by NHL Hall of Famer, Pat LaFontaine as a way to connect hospitalized children with their family, friends and heroes. They are recognized as a public 501(c)(3) charity, building interactive playrooms in hospitals.

Locally, Pat LaFontaine hosted his annual CiC Foundation Golf Classic at Huntington Country Club on Long Island on September 29th, 2016.

The event helped to raise money and awareness for the organization that recently opened its 18th Lion's Den Room at Hackensack University Medical Center. Randy Hinden was honored to be the franchise supporter, for more information please visit: <http://www.cic16.org/cicnews.aspx?id=68>
