

The Duro Dyne Corporation has partnered with the Breast Cancer Research Foundation to help raise awareness and fight for a cure to breast cancer.

The mission of the Breast Cancer Research Foundation is to prevent and cure breast cancer by advancing the world's most promising research. It is the highest rated breast cancer organization in the U.S. and has funded 10,876,960 hours of research since 1993. As Duro Dyne enters into its 65th anniversary year in 2017, they plan to utilize this anniversary milestone as an opportunity to raise awareness and help further the cause of the BCRF.

On January 30, 2017, Duro Dyne will showcase the one of a kind 2017 RH Mach III Pinspotter-Pink Edition and MF12-A Pinspotter-Pink Edition in their booth at the AHR Expo in Las Vegas. All proceeds of the sales will go direct to the BCRF. In addition, Duro Dyne has offered to add a \$1 donation to BCRF for every time their hashtag **#DuroDynePink** is used online both before and during the AHR Expo.

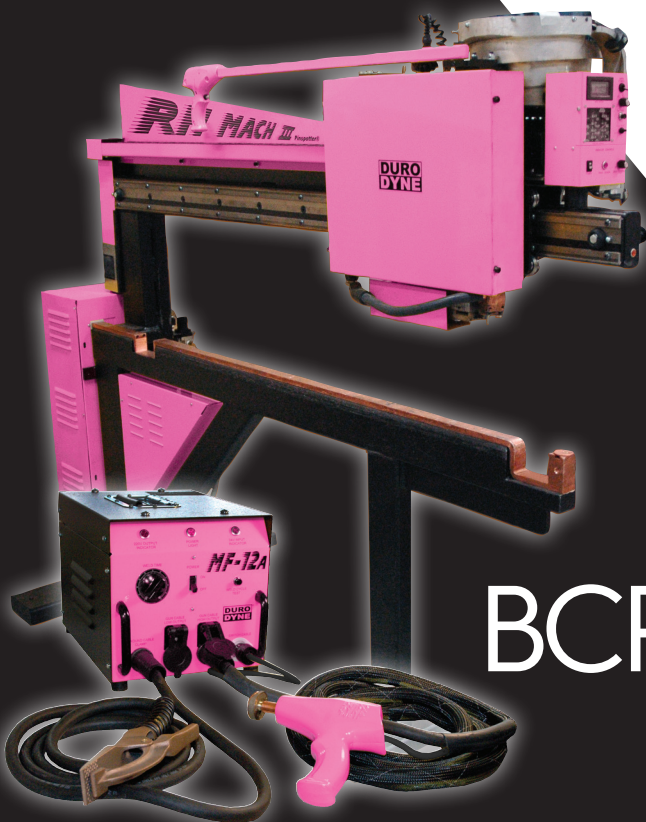

Duro Dyne plans to utilize a portion of their booth to honor those close to the company who have struggled with breast cancer.

Please be sure to visit us at the AHR Expo booth #C2124 for additional ways to help support the cause.

To place a bid on the pink machinery, please email **DDpink@durodyne.com**

Bidding ends on Tuesday Jan 30th at 4PM PST in the Duro Dyne booth #C2124 at the AHR Expo.
