

Warranty for Remanufactured Duro Dyne Machines

All Duro Dyne remanufactured machines are free from defects in material and workmanship and conform to our specifications. The warranty period for all Duro Dyne units is a fixed period, specified in a transaction document. For machines, unless otherwise specified, the date of purchase is the warranty start date.

During the warranty period, Duro Dyne provides repair service for all our machines, without charge, under the type of service Duro Dyne designates to fully satisfy their loyal customers.

If a Duro Dyne machine malfunctions during the warranty period, please feel free to contact our Technical Service Department to discuss with us about a variety of options that might be available to you.

Duro Dyne Technical Service Department phone numbers: 800-899-3876 or 631-249-9000.
