Re: California Proposition 65 Regulatory Content Requirements

Dear Valued Distributor/Customer,

New warning requirements under California's EPA Office of Environmental Health Hazard Assessment (OEHHA) have been introduced under the state's Safe Water and Toxic Enforcement Act of 1986 (Proposition 65). These regulations require that products affected have a warning label affixed to them.

To ensure compliance with these regulations, Duro Dyne is labeling our products with the warning label below:

 **WARNING:**
Cancer and Reproductive Harm
www.P65Warnings.ca.gov

SDS Sheets are available for specific products at our customers request. If you have any questions, please contact us at 800-899-3876.

Best Regards,

Duro Dyne Corporation
